TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO

COMES NOW JORGE ANTONIO ARROYO RAMOS, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

PRELIMINARY STATEMENT

1. **JORGE ANTONIO ARROYO RAMOS** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. I, **JORGE ANTONIO ARROYO RAMOS**, am a resident of Morovis, Puerto Rico. I am a retiree of la Autoridad de Energía Eléctrica in which I served for 32 years and a half. I retired on January 4, 2022. Currently I live on my own. Currently, I receive the bill under my wife’s name which passed away 6 years ago.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more. The increased rate will affect my way of living because my pension will remain the same. I am currently paying \$90/month at my residence. The proposed increase rate would represent \$14.20 more every month to my current bill which means 15% more. The increase in this rate will mean an

increase in all areas of the economy like gas, food and many others.

5. I worked for 32 years and a half for the Autoridad de Energía Eléctrica as Transmission Line Construction Supervisor. In addition to the financial side effects of the rate increases, as a retiree, the Plan of Adjustment will reduce my pension benefits by eliminating Cost of Living Adjustments, pursuant to the Pension Claim treatment of Class 3. This means that the Plan will increase the cost of living in Puerto Rico while depriving me and my family of the benefit of cost-of-living increases, leaving me more vulnerable in my old age.
6. Therefore, **JORGE ANTONIO ARROYO RAMOS**, is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

PROCEDURAL BACKGROUND

7. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

LEGAL ARGUMENT

8. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the

plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

9. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
10. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations under the Plan.’” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).
11. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.
12. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such as **JORGE ANTONIO ARROYO RAMOS**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

CONCLUSION

13. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **JORGE ANTONIO ARROYO RAMOS** and the people of Puerto Rico.
14. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s

restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

RELIEF REQUESTED

WHEREFORE, JORGE ANTONIO ARROYO RAMOS respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

I HEREBY CERTIFY that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

In San Juan, Puerto Rico, this 7th day of June 2023.
